

Parking at Seniors Centre

In the past there may have been a perception that the Seniors Centre parking stalls should only be used when the vehicle users were going into the Seniors Centre; this is not so any longer.

All parking stalls associated with the Seniors Centre can be used by members not only when they are going into the Seniors Centre but **also at any time when they need to park downtown to go to one of the businesses or facilities in the area.**

Please remember, however, to always display your Seniors Centre parking pass whenever you park at the Centre. If you do not have a pass one can be obtained from the CSA office.

If parking at the weekend, please use the North side spaces (**not** the Grizzly Paw side) first.
