

Canmore Seniors Association

P-09 Health and Safety

1. Preamble/ rationale:

- 1.1. The CSA is a senior's association, which must be aware of the need to assess and mitigate the health and safety risks to members while on the CSA property or engaging in activities with the organization.

2. Purpose:

- 2.1. Create a system which monitors ongoing health and safety risks for members and then implements systems to help protect CSA members while undergoing CSA activities on CSA property, and while on CSA outdoor activities.
- 2.2. Keep members apprised of health and safety information.

3. Applicability:

- 3.1. To membership

4. Policy Statement (Action, concise, flexible):

- 4.1. The Board will maintain a safe, healthy, and secure environment specific to the needs of its senior membership.
- 4.2. The Board will monitor the environment for ongoing health and safety risks and take appropriate steps to help protect the health and safety of the membership.
- 4.3. The Board will remain cognizant of the need to monitor any health and safety legislation that could affect the Association and its membership specifically as seniors.
- 4.4. The association will communicate clearly to members of any health and safety risks or hazards with respect to seniors and any CSA activities.

5. Who has responsibility (review and maintain currency)

- 5.1. CSA Board of Directors
- 5.2. Standing Committee for Health and Safety

All Policies are approved by the Board.
